

Social Traffic Alchemy Lite

Thanks for picking up the Done For You Lite. What you will find here are some Niches that this method will work for, plus three videos that you can use for each niche.

It is imperative that you do not promote any kind of link whatsoever in your Video Ad and you always give credit to the channel owner. That way, you will stay out of trouble.

We have provided the videos and even the exact copy (feel free to change of course) so you can just copy and paste.

Also, there are other videos that you can use. Just be sure to read the description first. If they explicitly say 'no reuploading' then respect that.
